Dear Parents and Carers

### Year 8 - E-Consent for HPV

The Children and Family Health Surrey Immunisation Team are currently working on plans for catch up clinics for any student who missed their first dose of the HPV immunisation.

If any Parent or Carer did not consent previously and would now like to do so, the E-Consent for HPV is open. Parents and Carers can find the consent form at [www.surreyimmunisations.co.uk](http://www.surreyimmunisations.co.uk) and the school code is SR136534 for completion as soon as possible.

Any student who has already received their first dose will be given their second dose in Year 9.

If Parents and Carers have any immunisation questions please visit the Children and Family Health website [www.childrenshealthsurrey.nhs.uk](http://www.childrenshealthsurrey.nhs.uk) which is regularly updated.

Yours sincerely
